**Mitigating Mass Violence and Managing Threats in Contemporary Society** Crews, Gordon A., Markey, Mary Ann, Kerr, Selina E.M., 2021-06-04 In a decade that has seen the rise of far-right extremism, Western countries still face myriad threats of mass violence, including terrorism. Of particular concern is the phenomenon of “lone-wolf terrorism,” whereby acts of political violence are committed by individuals who are operating independently of any organized terrorist group, something which makes them inherently more difficult to identify in advance of an attack. Now there is a need for research that profiles these perpetrators, explores the incidents that occur, and analyzes the shifting changes in mass violence, technology, and terrorist behavior in modern times. *Mitigating Mass Violence and Managing Threats in Contemporary Society* explores the shifting definitions and implications of mass violence and covers important areas focused on the individuals who partake in these acts as well as weapon choice and the influence of weapon accessibility, how the attention-seeking behavior and promotion of violent actions is evolving, and how technology is used such as disseminating a manifesto prior to the incidents or using live streaming to broadcast incidents of mass violence as they transpire. The book also examines ways to prevent these incidents before they occur, which is a proven challenge with no single accurate profile for offenders, and whether perpetrators of mass violence share similar goals and motivations for their sprees, as well as commonalities in warning behaviors. This comprehensive research work is essential for law enforcement, military officials, defense specialists, national security experts, criminologists, psychologists, government officials, policymakers, lawmakers, professionals, practitioners, academicians, students, and researchers working in the fields of conflict analysis and resolution, crisis management, law enforcement, mental health, education, psychology, sociology, criminology, criminal justice, terrorism, and other social sciences.

*Ästhetik, Politik und schiitische Repräsentation im zeitgenössischen Iran* Christian Funke, 2017-07-31 In *Ästhetik, Politik und schiitische Repräsentation im zeitgenössischen Iran* zeigt Christian Funke die Verflechtungen von Politik, Protest und schiitischer Materialität auf und legt vielschichtig dar, wie die Grüne Bewegung mit umfassenderen Diskursen über Demokratie, Identität, Geschichte und Gegenwart sowie Religion und Politik verknüpft war. In *Aesthetics, Politics, and Shi'i Representation in Contemporary Iran* Christian Funke explores the entangled relationship between politics, protest and Shi'i materiality and shows how the 'Green Movement' was part of larger discourses on democracy, identity, the present and the

past, and religion and politics.

Religious Authority and Political Thought in Twelver Shi'ism Hamid Mavani,2013-06-26 Ranging from the time of the infallible Imams, to the contemporary era, this book provides a comprehensive overview of Shi'i religious and political authority, focusing on Iran and Lebanon, without limiting the discourse to Khomeini's version of an Islamic State. Utilising untapped Arabic and Persian sources, Hamid Mavani provides a detailed, nuanced, and diverse theoretical discussion on the doctrine of leadership (Imamate) in Shi'ism from traditional, theological, philosophical, and mystical perspectives. This theoretical discussion becomes the foundation for an analysis of the transmission of the Twelfth Imam's religious and political authority vis-à-vis the jurists during his Greater Occultation. Bringing the often overlooked diversity within the Shi'i tradition into sharp focus, Religious Authority and Political Thought in Twelver Shi'ism discusses what constitutes an Islamic state, if there is such a notion as an Islamic state. Hamid Mavani further explores the possibility of creating a space for secularity, facilitating a separation between religion and state, and ensuring equal rights for all. This book argues that such a development is only possible if there is a rehabilitation of ijtihad. If this were to materialise modern religious, social, economic, political, and cultural challenges could be addressed more successfully. This book will be of use to scholars and students with interests ranging from Politics, to Religion, to Middle East Studies.
